Standard washer
(20lb/9kg)

£4.00

Big washer
(30lb/14kg) e.g. double duvet/king duvet

£7.00

Giant washer
(42lb/19kg) e.g. king duvet/2 x double duvets

£12.00

Tumble dryer
40 minutes

£3.00

Rug & Pet Bed washer

Please check your rug is machine washable before washing it in our rug machine to avoid damage to fabric. No horse related fabrics or items are allowed in any of our machines.

£12.00

Drying Lockers / 24 hrs.

Due to the thicker fabric found in rugs and carpets, a longer drying cycle is required to maintain the fabric's condition. Our 24hr drying lockers ensure a professional finish.

£3.00

Our standard, big and giant washers all have special programmes for down textiles, and our rug washers have a special programme specifically for pet textiles so you can ensure the right wash for your laundry and protect their longevity.

THE 24 LAUNDROMAT DIFFERENCE

30 min. washes

Our wash cycles are 30 minutes, and our drying cycles from 30 minutes (enough time to dry most washes). Saving you time for your day.

A++ performance

All of our machines are modern, A++ energy rated and offer superior cleaning settings and performance to ensure the longevity of fabrics.

Detergent included

There are no added extras. All of our washes include allergy tested, unscented detergent. Just load your washing and choose your wash cycle.

Long opening hours

We are open seven days a week, for the same long hours as the store we are located in. So you can do your laundry when it is convenient for you.

Card only payments

All of our machines accept both debit and credit cards, so you don't have to worry about having the exact coinage at hand to pay for your laundry.

Specialist washes

Our rug washers and dryers are unique to the UK. They ensure your fabric rugs are treated properly without the risk of damage to the fabric.

THINKING ABOUT THE ENVIRONMENT

Our processes

To ensure we reduce our footprint and increase the longevity of fabrics, we invest and source the latest, most efficient technologies from around the world. We test all of our technologies and machines to ensure they meet the high environmental standards we set. This also applies to the products we use, including our detergents which are non-scented and allergy tested.

Our machines

We only use washers and dryers that are A+++ rated for energy efficiency. Not only do they minimise the requirement for electricity but also for water. The performance of our machines is also key; they must be able to not only clean and dry a customer's laundry thoroughly but also protect and maintain items to ensure their longevity, no matter the fabric type.

We are open 7 days a week

Monday - Saturday: 07:00 - 21:00
Sunday: 10:00 - 16:00
